<p>Working with others, I can help to create a well-crafted dance study based on a science idea.</p>	<p>We created a dance that was so well-crafted our audience could not stop raving about it afterwards. We felt like professionals!</p>	<p>We used dance elements and structures well and created a dance that showed our dance idea clearly and correctly.</p>	<p>We created a dance that had some problems with the design, such as lack of a clear beginning or ending, or missing some elements of dance.</p>	<p>We did not finish our dance, or we did not take it seriously enough to try our best to create a well-made dance.</p> <p><i>Why not? (Use other side to explain.)</i></p>
<p>Working with others, I can help to create a dance study that clearly and correctly demonstrates a science idea.</p>	<p>Our dance was not only scientifically correct, but we included other correct and appropriate science ideas in our dance design.</p>	<p>Our dance clearly showed how our particular science idea can be put into motion, and it showed we understand the idea correctly.</p>	<p>Our dance showed that we understood some parts of our science idea, but some parts were missing or unclear.</p>	<p>We did not show our dance, or the science idea was incorrect or too unclear to understand.</p> <p><i>Explain... (use other side)</i></p>
<p>I can be part of a team that shares our choreography with focus and concentration.</p>	<p>We shared our dance with such good concentration and focus that we outdid ourselves — a personal best!</p>	<p>We shared our dance with strong concentration and focus, doing our parts as a team to show our idea and design.</p>	<p>We shared in our dance, but we got distracted or embarrassed. We did not do our best job of concentrating.</p>	<p>We did not share our dance, or it fell apart during the sharing.</p> <p><i>Explain... (use other side)</i></p>
